Introduction

Introduction

Alwande Safety and Construction is a well-established contracting company that provides building solutions to public and private sector clients across the country with an exceptional service offering that is founded on values such as honesty, reliability and quality. We aim to earn a reputation as the trusted contractor for building, construction, maintenance, Security and Construction Equipment Supply of all types. From new structures – commercial, industrial and residential, to restorations of heritage buildings, we are in our element on the building site, regardless of the nature or requirements of a project.

Ownership

Alwande Safety and Construction is 100% black owned and managed business founded by Sibusiso Richard Ngubeni in 2016

Our Team and Values

Our Team

Alwande Safety and Construction is aiming to employ a diverse team of over 600, among whom are professionals and highly skilled artisans from various backgrounds and disciplines in the near future. We are united by common values that enable us to combine our expertise toward the common goal of developing exceptional structures.

Our Values

As a 100% black-owned business, Alwande Safety and Construction places a strong emphasis on woman empowerment values, mutual support and professionalism. We place a strong emphasis on quality and timely service provision at every level of our operations - from management to site supervision, and place, service quality, reliability and honesty at the core of all we do.

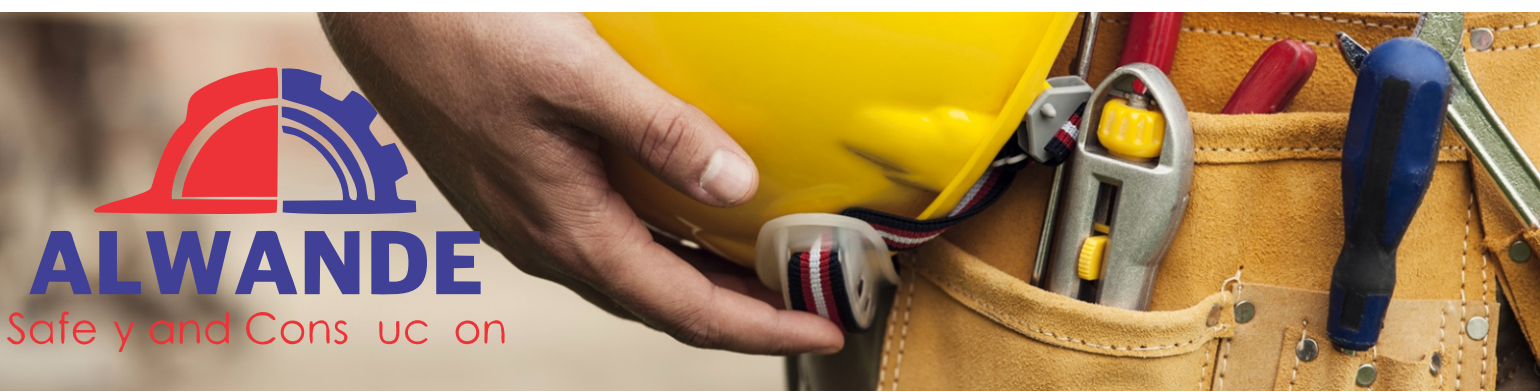

Structure

Alwande Safety and Construction is a specialized company that include Construction Services, and General Maintenance which is owned and managed by Sibusiso Richard Ngubeni, who is the owner of Alwande Safety and Construction. Generally, all employees within the group of services are highly skilled in all aspects that pertain material supplies, building and renovation work and are able to play a hands-on role in the company. Because we have forged good relation- ships with specialist consultants in all relevant fields to our building and construction projects, we are able to effectively manage the requirements of these projects singlehandedly with the highest levels of quality and attention to detail

Broad-Based Black Economic Empowerment

Procurement In order to support the objectives of BBBEE and to meet its relevant requirements, we ensure that all of our procurement requirements are sourced from BEE compliant providers.

Specialist Building Heritage

Alwande Safety and Construction is a specialist contractor that is aiming to hold a solid track record in the handling of various aspects of building projects such as restoration, renewal and maintenance. Each company within our group has a special division that is dedicated to this specialty area and provides specialized services for this niche. This includes specialty staff who are trained specifically to handle all Alwande Safety and Construction services.

Our efficiency and experience mean our clients save on time and money as a result of faster turnaround times and a single on-site communication structure. Our proposals and quotations are comprehensive and set out in a bill of quantity form that is compiled by a qualified team of in-house experts. In this way, our clients can be assured of accurate and detailed costing that is honest and reliable.

Standards and Procedures

Ensuring the safety and wellbeing of our employees is of vital importance to us, which is why we go an extra mile to ensure that our employees always have their safety wear on. With hazards such as objects falling from great heights and poisonous fumes always present, the construction environment poses constant potential health threats.

To reduce the chances of occupational injury, we provide safety wear to all our employees and ensure that, through our site managers, safety specifications are observed and met at all times. The site manager conducts routine checks throughout the day to make sure that employees are safe at all times and that there is no risk posed to their health or safety
